

Carbon Capture CERTIFICATE

Pronatura México A.C. hereby issues this certificate to:

IUCN International Union for Conservation of Nature and Natural Resources

For exceptional leadership in the fight against climate change by offsetting **3,000 metric tons of CO_{2e}**.

The Climate Reserve Tonnes (CRT) were retired from the **Forest Carbon Capture Project: “Proyecto forestal de carbono del Ejido Xbonil”** (vintage 2022), registered in the Climate Action Reserve Registry under the following identification number: **CAR ID 1507**. This project has been independently developed and verified to ensure a real, additional, and permanent reduction of greenhouse gas emissions.

JULY 2025
